

INVESTMENT PLAN
FOR 2015

No.	Name of investment	Amount RON
1	Grinding wheels processing machine D=300-767mm	1,600,000
2	Automatic (semiautomatic) machine for manufacturing of lamellar grinding wheels with rod	120,000
3	Electro-Stacker 2tf 1 pcs	70,000
4	Gluing – two component dosing machine for lamellar grinding wheel	170,000
5	Upgrading of MIRCA 400 centrifuge machine	100,000
6	Blades cutting machine for lamellar grinding wheels	100,000
7	Modernization of halls, parking + representative offices	900,000
8	Automatic segments cutting scissors for strips	140,000
9	Brookfield Viscometer	10,000
10	Circular knife sharpening machine	500,000
11	Purchase of Oracle program for developing the IT system and 10 PC and 2 laptops	1,000,000
12	Narrow rolls cutting machine for lamellar grinding wheels	100,000
13	Dedusting plant	25,000
14	Lathe for processing special small sized grinding wheel	1,000,000
15	Upgrading a combustion chamber of the elevator furnace grinding wheel	400,000
16	Press for pressing grinding wheel with diameters between 350mm and 600mm	2,000,000
17	Drier to dry grinding wheel with diameters between 350mm and 1100mm	2,000,000
18	Drying chamber to dry naphthalene grinding wheels, with a diameter less than 350mm	1,800,000
19	Electronic scales (2 pcs) with dead-weight of max. 20kg	20,000
20	Ø180mm grinding wheels formatting table for MDM 600tf press with metal carbides rings	20,000
21	Ø300-350mm grinding wheels formatting table for MDM 400tf press with metal carbides rings	20,000
22	Grinding wheels engraving machine	200,000
23	Spinning device for grinding wheels with rod	50,000
24	Semiautomatic machine for manufacturing of frontal lamellar grinding wheels	315,000
25	Purchase of land + hall	270,000
	TOTAL	12,930,000

Note: the investments will be made from personal funds and collateral funds. 1 EUR = 4.5 RON
